

#WEBINAR

# OPENING THE WORLD OF CATASTROPHE MODELS

May 16th, 2023 13:00 - 17:00 CET

EIOPA aims to support the modelling and management of climate change risks, by promoting the development of open-source models.

John Schneider, GEM Secretary General, will be a panelist in the *Current Initiatives on Open-Source Models and Platforms* session. He will present GEM and OpenQuake as an initiative and set of tools for earthquake risk modelling.
